

I respectfully urge the FCC to reject the NAB's petition 04-160 because I benefit from listening to XM Satellite Radio and it's weather and traffic channels. I pay for these services, and it should not be up to the NAB or anyone else for that matter, to be able to dictate what I can and cannot hear. You (the FCC) should be supporting XM Radio's ability to provide the kind of programming that many subscribers demand and deserve.
